

GDPR – Crazy Little Thing Called Privacy

Alen Delić

the way
to be safe is
never to feel secure.

Agenda

It's January, what is everyone doing?

What are some challenges?

Is it all about the security?

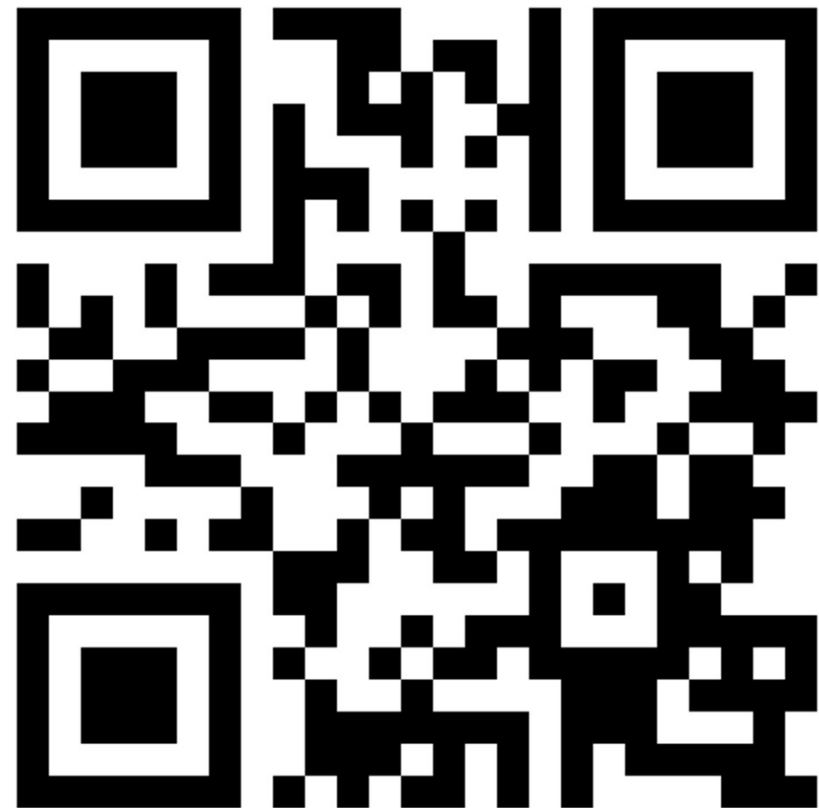

Current GDPR State

“We are analyzing.”

Quiz

Lex - Word Analysis

597

"personal data"

14

"confidentiality"

53

"security"

291

"protection"

2

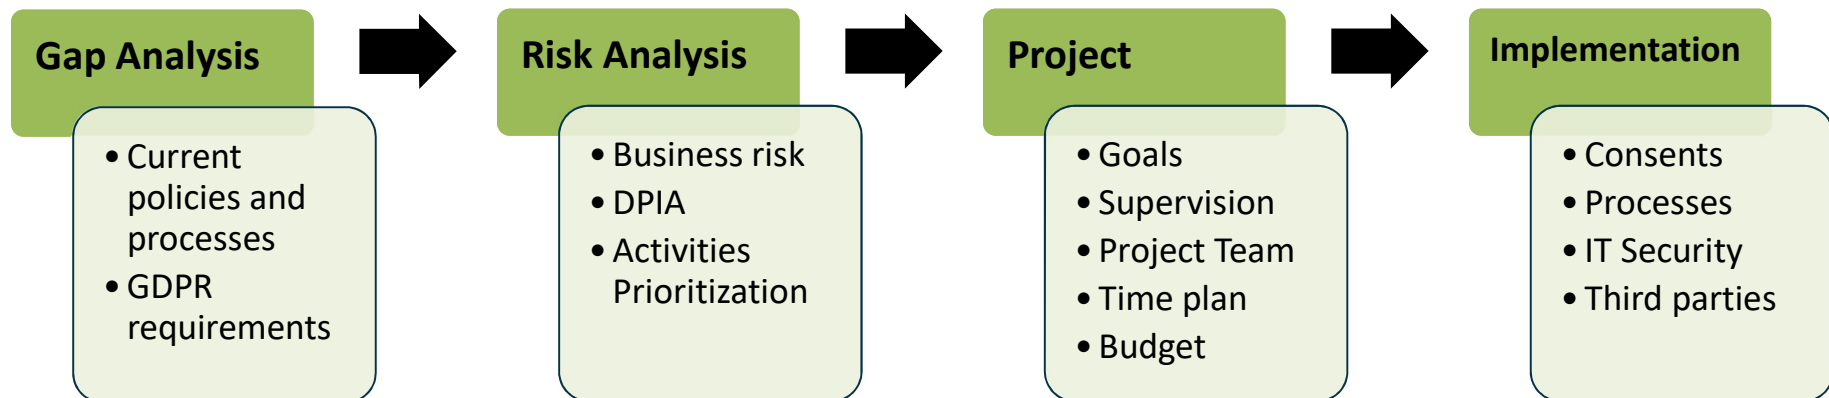

"privacy"

GDPR Challenges

- GDPR is a regulation, not a standard
- How far should the information security go
- Roles and responsibilities
- Box as a selling point
- Translations

Project Approach

Implementation (adaptation, modification)

Fundamental rights

“right to be forgotten”

Organizational measures

DPO – roles and responsibilities

Incident Management

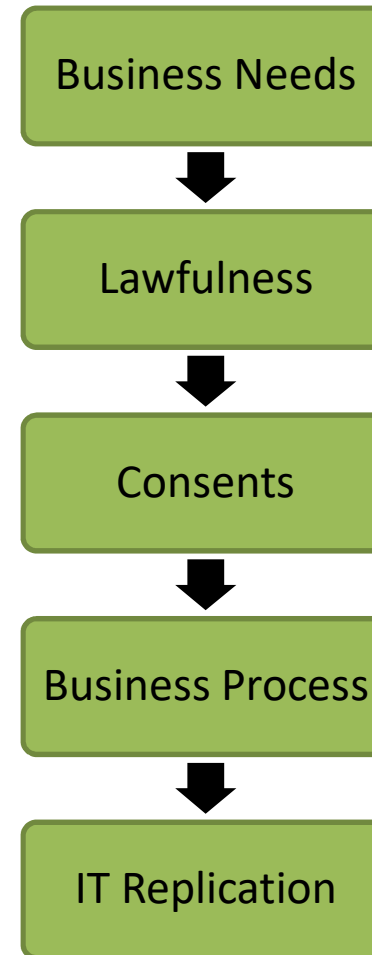

Third parties

Technical measures

Security

“Privacy by design”

Testing

Security Perspective

Consent

Right to be forgotten

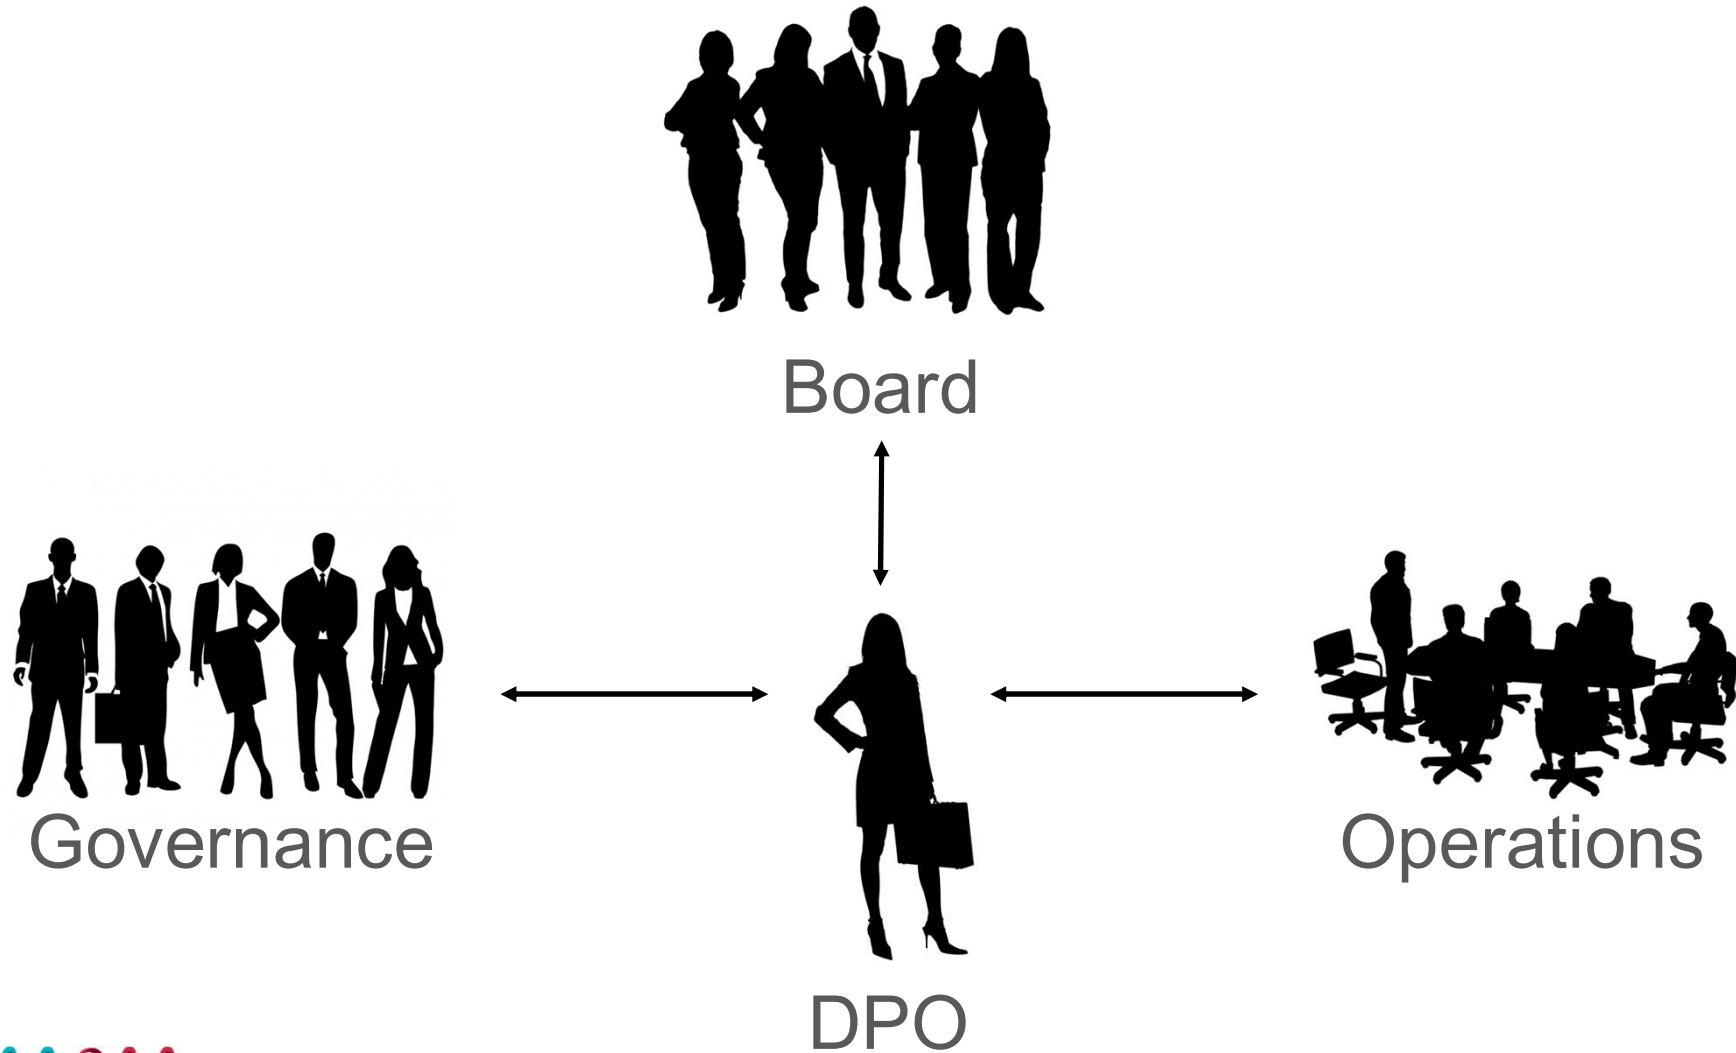

Privacy Impact Assessment

Data Portability

Protect by Design

Breach

Diverto Special GDPR Services

GDPR Compliance Audit

GDPR Executing My Rights Simulation

GDPR Incident Management Simulation

INFORMATION SECURITY

Thank you.
